Customise the details of your invoice based on your business

Every invoice is automatically tracked, so you know who owes money and who has paid

Create and manage invoices

Create an invoice in a few easy steps

1. Select the **customer** you'd like to invoice. If it's your first customer, you'll be guided step by step.
2. Choose your payment **terms**. This is the date you'd like to be paid. The default is net 30 days.
3. Enter the **product or service** you're selling (e.g., design services).
4. Enter a **description** of the service or product for your customer (e.g., Graphic design for Jane's website).
5. Enter the **rate** or how much you've charged the customer.
6. Choose an **income account** which categorises your receivables (the money coming in to your business).

TIP: You can import your entire Products & Services list from Microsoft Excel.

Track expenses

Write a Cheque

Know where you're spending money

QuickBooks QuickBooks Online will keep track of each cheque, debit, credit card transaction, and cash purchase so you can understand where your money is going.

With everything in one place, you'll be able to access all past payments and bills for each supplier with just a few clicks.

TIP! You can easily customise the account categories to track what's important to your business.

Entering your first expenses

For your first expense, QuickBooks QuickBooks Online will guide you through setting up your accounts (credit cards and cash).

You'll enter a balance for the date you want to start tracking your business. This date could be when you started your business, the first day of the year, or any other day you choose.

1 Choose the account for recording the expense

2 Enter the purchase date

3 Enter the purchase amount

4 Select the name of the supplier

5 Choose an account to categorise the expense or money out

Write custom memos or notes on individual transactions

The screenshot shows the "Bank Register" interface in QuickBooks Online. At the top, there are tabs for "Write Cheque", "Credit Card Expense", "Cash Expense", "Deposits", "Registers", "Transfers", "Reconcile", and "More". Below the tabs, there's a "Bank Register" header with a "Current" dropdown menu. To the right, there are buttons for "Find in Register", "Related Reports", and "How Do I?". Below this, there's a "Customise..." button and a "Showing all transactions sorted by date" status. A "Go to Date:" field with a calendar icon and a "Go" button is also present. The main table has columns for "Date", "Ref No.", "Payee", "Payment", "Deposit", and "Balance". The "Payee" column is further divided into "Type" and "Account". The "Memo" column is also present. The table shows three transactions: an opening balance of 30,000.00, a payment of 35.50 to British Telecom, and a deposit of 200.00. The ending balance is 30,164.50. A "Customise Register" dialog box is open in the foreground, showing options for "Sort by:" (Date), "Show:" (All Transactions), and "For each transaction:" (Show on one line instead of two). There are "OK" and "Cancel" buttons at the bottom of the dialog box.
